THIELE NAMED THE HEAD OF THREE HOTELS

Succeeds Hertsche as Manager
of Young, Moana and Royal
Hawaiian Hostleries

CONSIDERED GOOD MAN FOR HIS NEW POSITION

Company Directors Made Se-
lection at Meeting Called
Yesterday Afternoon

Theodore B. Thiele, manager of the Moana hotel and one of the best known and most popular hotel men in the territory, was named yesterday afternoon to succeed J. H. Hertsche as general manager of the Territorial Hotel Company, owning and operating three leading local hostleries.

The Alexander Young, the Royal Hawaiian and the Moana hotels, operated by the Territorial Hotel Company, will be under Thiele's management as they were under Hertsche's. The Moana has had a resident manager, Thiele, but whether this plan will be followed out in the future is uncertain. It may be operated by the downtown management. No changes, at least, will be made at present.

Manager Thiele expects to move to his downtown office within a day or two. His appointment took effect yesterday afternoon, following a meeting of the directors of the hotel company, and he took charge at once.

The new manager has had a wide experience on the coast. He has been connected in one capacity or another with hotels in San Francisco, Del Monte, Seattle and Honolulu. Prior to coming here he was connected in an executive capacity with the Butler Annex in Seattle. He came to Honolulu February, 1910, and has been the resident manager at the Moana since. He has many friends among the local and traveling public and is regarded as a hustling and up-to-date hotel man.

JAPANESE, HELD 'UNDESIRABLES' BEING DEPORTED

Five Returned Excursionists,
However, Recommended to
Washington Favorably
for Landing

Enforcement of the federal immigration laws against alien immigrants declared undesirable because of their being classed as immoral persons, has led to the deportation of Tsudome, a Japanese of ill-repute, and will lead to the deportation of two others, Oshima and Kawal, today, according to news from the federal immigration station.

Furthermore, eleven other Japanese falling under the ban for the same reason are likely to be deported soon. They have been recommended for deportation by the inspector in charge and the papers in the case sent on to Washington, as a decision is required there owing to the matters involved.

The facts as ascertained by the Star-Bulletin today show that the immigration staff has been conducting an examination of such cases for some time past. Tsudome was sent out on the Hongkong Maru and Oshima and Kawal are to be deported on the Shinyo Maru today.

Another case in the same category, that of Matsuye, is held up pending the decision of the federal court on an application by the attorney for a writ of habeas corpus. Tori, a Japanese prostitute went with Tsudome. Inquiry by the Star-Bulletin at the federal immigration station has shed new light on the facts in the case of the five excursionists detained pending inquiry and decision as to whether they should be landed. It was stated this morning that a board of in-

UNCONFIRMED RUMOR SAYS PINKHAM'S NAME WITHDRAWN BY WILSON

An unconfirmed rumor passed along the streets today that L. E. Pinkham has had his name withdrawn by President Wilson as a nominee for governor of the territory. According to the rumor a message conveying this information has been received by a large business firm of Honolulu. No confirmation of the rumor has been made, and persons seen regarding it were disposed to discredit the truth of the report.

Pinkham Protest Story Denied Committee Has Not Yet Acted

All Facts of Complaint Against Confir-
mation to be Laid Before President--
He Will be Given Opportunity
to Examine Them

[Special Star-Bulletin Cable]

WASHINGTON, D. C., Aug. 22.—The report that the committee on Pacific Islands and Porto Rico has decided to protest to the president the nomination of L. E. Pinkham for governor is erroneous.

The committee has done nothing definite for or against the nomination, but in instructing Chairman Shafroth to confer with the president is affording the president an opportunity of examining the protests and withdrawing the nomination if he is convinced that Pinkham is a non-resident of Hawaii and is a Republican. Otherwise the committee will investigate thoroughly the situation, hearing Pinkham's answer to the complaints.

No conclusion is in sight. Senator Vardaman of Mississippi, a member of the committee, and others declare that the opposition to Pinkham is based on the allegations that he is a Republican and not a resident of Hawaii.

C. S. ALBERT.

The cablegram above was received this afternoon in response to a cable instruction from this paper to its Washington correspondent to ascertain the exact status of the Pinkham nomination, and in particular to investigate the truth of the report that the committee had decided to protest Pinkham's nomination.

A report this morning that the nomination has been withdrawn is evidently without foundation.

MUNICIPAL FISHMARKET IS PROPOSED

Present Institutions Must Con-
form with Law Before
Licenses Are Granted

IN PRESENTING REPORTS

Health Committee Demon-
strates Intention of Making
a Big Clean-Up

A municipal market to take the place of the present insanitary ones was hinted at last night as the next project to be undertaken by the city and county when the committee on health of the board of supervisors met in the chamber of the city fathers to agree upon the changes and the better regulation of the two markets, which have been before the committee, an subject of investigation, for the past fortnight.

Declaring that unless the fish markets are cleaned up at once, and overhauled as directed, steps will be taken to condemn immediately the places, stop all business there, and put up a municipal market in its stead, the health committee showed a spirit of determination to protect the public from purchasing foodstuffs which reach them after being exposed to the dangers of insanitary conditions.

Supplementing the report submitted to the special committee appointed to investigate the two markets, which has been adopted, the committee set

1ST INFANTRY NOT PLEASED WITH CASTNER

For fifteen months the officers of the 1st Infantry have been existing under canvas, in a dust-swirled camp on the Lihue plain. Now the majority of them are in new quarters at Castner, and a straw vote among the families which have recently moved, as to the comfort and convenience of the new quarters, might prove illuminating to the War Department authorities, who decreed that the concentrated post system should be established on a reservation where many thousands of acres are available, and where plenty of ground could have been used for housing the troops, without restricting the maneuver area.

That the new infantry post at Castner is a "lemon," to drop into the vernacular for an adequate description of the place, is the opinion of the great majority of 1st Infantry families who have moved down there. The houses are unsuited to the climate, there is a lamentable lack of space around each dwelling, and the interior arrangements are worse than those at Fort Ruger, and that, say army people, is the worst thing that

EARNshaw SAYS HARRISON GOOD MAN FOR PLACE

New Governor-General Has
Made Study of Conditions
in Philippines

NUMEROUS CHANGES ARE
EXPECTED IN COMMISSION

Filipinos Well Pleased With the
Selection Made by the
President

"Congressman Francis Burton Harrison, as governor-general of the Philippines will in my opinion give the islands a real American government, and an administration highly pleasing and satisfactory to all classes of people," was the comment offered this morning by Resident Commissioner Manuel Earnshaw, who has been representing the Philippines at Washington, and who is now en route to Japan, as a passenger in the T. K. K. Shinyo Maru.

"The news received by the Star-Bulletin Wednesday that Congressman Harrison was the selection of President Wilson for the head of affairs in the islands, is the result of much deliberation as well as careful study of the situation upon the part of the president and his advisors."

Commissioner Earnshaw is of the opinion that the new appointee is well equipped to take over the exacting duties of his new office. "He has been a member of congress for a number of years and has made the welfare of the Philippines a matter

SIX MURDER CASES ARE ON THE CALENDAR

Six murder cases in which a total of eight persons will fight for their lives against the charge of murder in the first degree, are scheduled for hearing in Judge Robinson's division at the next term of circuit court in Honolulu, beginning September 2. All but one have developed in the present year. Two men are accused of wife murder, one man and woman of child murder and four men of slaying their fellow men.

This is probably the largest number of capital crime hearings ever appearing on the calendar of the first circuit court in any one year, and undoubtedly will keep Judge Robinson's division occupied the greater part of the coming fall and winter.

On the opening day of the fall term the court will plunge into the remarkable array of criminal business, the first case called to be that of Franklin Lee Whaley, who shot and killed his wife in the office of the Mutual Telephone Company on the night of May 4. The wife, Maria Nalwi Whaley, died almost immediately. Whaley was placed under arrest, indicted and duly arraigned, pleading not guilty. A. D.

Prominent Figures in Mexico During The Present Crisis

DOUGHERTY AND RAWLINS NAMED FOR SAME JOB

Local Attorney Appointed and
Later Succeeded by Car-
nivall Director

Complications have arisen with regard to the appointment of a resident Portola commissioner for the territory of Hawaii according to a special mail dispatch received by the Star-Bulletin this morning from the Portola festival committee in San Francisco, which is to the effect that James D. Dougherty, director-general of the 1914 fiscal parade and mid-winter carnival, has received the appointment as commissioner.

In a dispatch sent out by the Portola committee less than two weeks ago, William T. Rawlins, the local attorney, was named as the resident commissioner, and since that time has been acting in that capacity, principally by arranging to take a team of Hawaiian swimmers to San Francisco to compete in the aquatic sports which will be a feature of the festival. The dispatch received this morning says that Mr. Dougherty has been named commissioner, and that he will

SENATOR JOHN SHARP WILLIAMS IS OPENLY OPPOSING PINKHAM

Democrats of California, Also, File Protests Against the Con-
firmation of the President's Choice on the Ground That
He Never Has Fought the Battles of the Bourbons

[Special Star-Bulletin Correspondence]

By C. S. ALBERT.

WASHINGTON, D. C., August 11.—Some of the Democrats in California do not like the idea of a Republican being named for governor of Hawaii and are protesting against the confirmation of L. E. Pinkham. A bundle of objections came in from San Francisco, while the committee on Pacific Islands and Porto Rico was awaiting further mail advices from Honolulu. These followed the first batch of protests and came in ahead of the second lot from Hawaii.

Those Democrats in San Francisco who take an interest in the affairs of Hawaii inveighed against Mr. Pinkham on the ground that he is a Republican and has never rendered any service whatever in fighting the battles of democracy. The basis of their opposition seems to have been chiefly that Representative Kent, not a Democrat, and in any event a leaner toward Republican doctrines, had obtained the selection of Mr. Pinkham. The main complaint was that the recommendation of Mr. Kent in this instance had been accepted by a Democratic president and secretary of the interior.

DEMOCRATIC SENATORS CENTER TARIFF EFFORTS UPON SUGAR

May Defer Action Until New
Member Is Chosen from
Alabama

By C. S. ALBERT.

[Special Star-Bulletin Correspondence]
WASHINGTON, D. C., August 11.—When Senator Joseph F. Johnston, of Alabama, died, thereby reducing the Democratic majority in the senate, Republicans who oppose placing sugar on the free list were much heartened, and the Democrats correspondingly depressed. With the avowed determination of Senators Thornton and

Ransdell, of Louisiana, to vote against the sugar schedule, the Democrats had but 48 votes, while the Republicans mustered 47. This slender margin opened up all kinds of possibilities. If Senator Newlands, who refused to bind himself in caucus, voted with the Democrats, giving them 48 votes to the Democrats 47, the assistance of Vice-President Marshall would count for nothing. It spelled disaster and defeat for the Democrats. There remained the possibility that Senator Hitchcock, who openly withdrew from the caucus, might antag-

UNCLE SAM WARNS REBELS AND FEDERALS WILL BE HELD TO ACCOUNT FOR VIOLENCE

Commanders of Both Forces Receive Telegrams from Secretary
of State Bryan—President Wilson's Message on
Mexico Will Not Contain Recommendations

[Associated Press Cable]

WASHINGTON, D. C., August 22.—President Wilson will read to congress personally next Tuesday his message on the Mexican situation. It will summarize the main points of the Lind note, and reiterate the government's attitude, but will contain no recommendations, it was stated today.

[Associated Press Cable]

WASHINGTON, D. C., August 22.—Secretary of State Bryan telegraphed today commanders of both the federal and constitutional forces in Chihuahua that the United States will hold responsible the perpetrators of violence on American citizens.

This is the first warning of the kind that the United States has issued, and if it is disregarded, it is reported that more summary measures will be taken.

The warning applies to both rebel and federal forces anywhere in Mexico and is intended to be transmitted through the commanders.

U. S. Can't Stop Thaw Now

[Associated Press Cable]

WASHINGTON, D. C., August 22.—Both Secretary of State Bryan and Secretary Wilson of the department of labor have telegraphed to Lieutenant-Governor Glynn and Governor Sulzer of New York informing them that the government is unable to interfere with Thaw on Canadian soil.

SHERBROOKE, Quebec, August 22.—According to Thaw's legal counsel, he is advised to buy property in Canada and become a British subject to avoid extradition. Thaw spent a restless night. He is closely guarded by the Canadian authorities.

Chinese Threaten Germans

[Associated Press Cable]

NANKING, China, August 22.—The revolutionists are threatening to bombard the German consulate here. The German cruiser Emden has been sent for protection.

Big Ocean Yacht Race Assured

NEW YORK, August 22.—The New York Yacht Club and the Royal Ulster Yacht club today signed articles for a race in 1914 for the America's cup. The defender of the cup, representing the United States, will be the Shamrock IV.

Clothier Quickly Eliminated

NEWPORT, R. I., August 22.—Maurice McLoughlin, national tennis champion, was victorious today in his match against W. J. Clothier in the national tournament in progress here. He defeated Clothier 6-4, 7-5, 6-4.

Bankers Condemn Currency Bill

CHICAGO, August 22.—A conference committee of 200 American bankers today condemned the administration currency bill now before congress.

SUPREME COURT MAY BE ASKED FOR OPINION

The Dowsett Estate and Henry Smith, acting as trustee for the heirs of John Meek, this morning gave notice of their intention to fight to the last ditch the effort of Attorney General Thayer, for the territory, to acquire title to the valuable tract on the makai side of King street, at Smith street. As a result the suit will be taken up shortly in the court of land registration, whence it undoubtedly will go to the supreme court. The attorney general is inclined to think the affair will not be finally settled until it has gone through the supreme court of the United States.

This case, as published in the Star-Bulletin several months ago when the attorney general first undertook it, revolves around the legality of a grant made John Meek in 1839. Though Captain John Meek held the land in question for years before that date, and his heirs have held it to this day, the territory contends there is a flaw in the title, because the grant by King Kamehameha III in 1839 was never officially approved by the land commission. No record of the land commission's award can be found.

At intervals during the last few years the present holders of the valuable business property as well as the governor, have sought a compromise but have been unable to agree on terms. The territorial executive a few years ago offered to settle with them for a certain price, but they declined to pay the amount he set.

MANY WITNESSES ARE HEARD IN CHALMERS' ACCIDENT INVESTIGATION

Thirty-three witnesses have been examined by the grand jury in the Chalmers automobile accident. The jury resumed its sessions at 2 o'clock this afternoon. Whether the Chalmers inquiry will be finished today is not known, though it is thought only a few more witnesses remain to be questioned.

MERCHANTS WILL ENTER FLOAT IN PARADE OF 1914

With a view to taking an early start toward preparations for the part which it is to play in Honolulu's 1914 celebration, the merchants' association, at its meeting yesterday afternoon, voted to appoint a committee to take charge of this work, and select a design for the car which the committee will enter in the Floral Parade February 21. A motion to this effect was offered by Ed Towne and immediately adopted, thus making the merchants' association the first organization to start the ball rolling toward a greater Honolulu celebration. Among other matters of business, the subject of the present friction between the local Japanese and the federal board of immigration, relative to the detention of the five Japanese excursionists was taken up. The question was first taken up when George Guild made a motion that the association take steps to investigate both sides of the controversy. Mr. Guild said that the Japanese were friendly with the merchants of the city, and that the association could properly make an investigation in justice to the Japanese. The motion, receiving no second, was not considered further.

Polo Cup Presentation
It was announced this afternoon that there will be a presentation of the two handsome polo cups at the Country Club tomorrow afternoon, following the game at Moanalua. The presentation will be about 5:30 o'clock.
